THE DOG DAYS ARE ALMOST OVER

Just like that, it's August.

I hope y'all are getting more rest and relaxation than I am! This is by far the busiest summer I have had in years! No beach days for this babe; it's just me and my laptop in the basement trying not to get heat stroke. August means the **Blog Days of Summer** are back - more of that on page 3, and there are so many product reviews in my schedule for the next 2 month, most of which are for **Terrible Toyshop**: spectacularly mean toys! Additionally, I'm rather behind on reading the amazing work of **Sex Bloggers and Erotica Writers You Should Read This Summer** that I may not catch up until September, or maybe October! Wherever your summer takes you, I hope it's a good one. Get out there, (safely) and live your best life (carefully), and have the sexy summer you most definitely deserve!

**"AUGUST rain:
THE BEST OF THE
summer gone,
and the new
fall not yet
born. THE ODD
uneven time."**

LISTEN TO AUGUST'S PLAYLIST

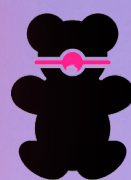

Long hazy evenings, perfectly pastel skies, and the balmy calm of a summer night: these are the vibes of *Endless Summer*, August's Spotify Playlist. From classics to deep cuts to sing-a-longs, this is a chill mix of warm weather fun.

Don't be a stranger!

Stay in Touch!

MORE FROM TERRIBLE TOYSHOP

Holy moly, am I ever having a GREAT time with the multitude of pain-makers that the folks at Terrible Toyshop sent me. You saw the **Bad Princess Clamps** in July, a set of terrifically terrible tit torture devices that bring an air of modern sophistication to your toy drawer.

They feel like Heaven but they hurt like Hell!

WRITE BIG SEXY WORDS IS COMING BACK!

THE AURAL SEX PROJECT

A library of lewdness, an emporium of erotica, a repository of raunchiness - whatever you want to call it - I may have been a bit ambitious thinking that *The Aural Sex Project* would launch in August. Turns out it's *slightly* (a lot) more challenging than expected to set up and make time for. Thanks to some advice from Girl On The Net and the opportunity to do some audio for her site, I'm working on adding *The Aural Sex Project* to my site this fall. I'll be reading erotica, telling bedtime stories and sharing the most intimate recordings.

And yes, I will be taking requests and making custom recordings!

THE THIRD ANNUAL BLOG DAYS OF SUMMER

August 1st marks the beginning of the third annual Blog Days of Summer: a month-long creative blogging project for erotica and sex writers. The objective of the Blog Days of Summer is to write each day/as often as you can. The only rules are that your posts must be SEXY and inspired by/about SUMMER.

THANK YOU FOR SUBSCRIBING

It has been fun to watch the subscriptions grow and see the interest in this newsletter. For a long time I was dubious about doing a newsletter because the website was so singularly occupied with erotica. Now that there is much more variety, and new projects cropping up, it makes more sense to share information in a more direct way.

I'm so happy you're on this journey with me and I appreciate that you read and contribute because this community needs *all* of our voices.

Thanks for tuning in and hanging out!

Love, Violet
